

# Emergency Evacuation Plan

SECTIONS 1-5: PURPOSE, SCOPE, EMERGENCIES, ALARM & PROCEDURE

Premises: \_\_\_\_\_

Date of Issue: \_\_\_\_\_

Review Date: \_\_\_\_\_

Person Responsible: \_\_\_\_\_

## 1 PURPOSE

To ensure the safe and efficient evacuation of all occupants in the event of an emergency, minimising risk to life and enabling rapid response by emergency services.

## 2 SCOPE

Applies to all staff, residents/service users, contractors, and visitors present in the premises at any time.

## 3 EMERGENCY TYPES COVERED

⚠ Fire or Smoke

⚠ Gas Leak

⚠ Bomb Threat

⚠ Medical Emergency

⚠ Severe Weather / Flood

⚠ Security Threat or Intruder

## 4 ALARM SYSTEM

✓ Type: Fire alarm / manual call point / smoke detection

✓ Audible & visual alarms located throughout the premises

✓ All staff trained to recognise and respond immediately

## 5 EVACUATION PROCEDURE

✓ **Step 1 — Raise the Alarm:** Activate the nearest fire alarm point or call out loudly. Call 999/112 and state the emergency type, location, and any hazards.

✓ **Step 2 — Immediate Action:** Stop all activities, leave belongings behind, assist residents to evacuate — prioritising those with mobility or sensory impairments.

✓ **Step 3 — Use of Exits:** Follow illuminated exit signs to the nearest safe exit. Do not use lifts. Close doors behind you to slow the spread of fire/smoke.

✓ **Step 4 — Assembly Point:** Proceed to the designated assembly point. Stay in a group and await instructions.

✓ **Step 5 — Roll Call:** Person in Charge or Fire Warden to take register. Report anyone missing to emergency services immediately.

# Emergency Evacuation Plan

SECTIONS 6-11: RESPONSIBILITIES, ACCESSIBILITY, TRAINING & REVIEW

## 6 RESPONSIBILITIES

- ✓ **Person in Charge / Fire Warden:** Lead evacuation and ensure building is cleared; take roll call; liaise with emergency services
- ✓ **Staff:** Follow evacuation routes; assist service users; do not re-enter the building until declared safe
- ✓ **Visitors:** Must be escorted to the assembly point by staff

## 7 ASSISTANCE FOR PERSONS WITH DISABILITIES

- ✓ Assign staff "buddies" to assist individuals with mobility or sensory needs
- ✓ Ensure evacuation chairs or mobility aids are positioned at stairwells

## 8 TRAINING & DRILLS

- ✓ Evacuation drills every 6 months
- ✓ New staff trained during induction
- ✓ Records maintained

## 9 PLAN DISPLAY

- ✓ Evacuation routes and assembly points displayed in all rooms and corridors
- ✓ Laminated copies in reception and staff areas

## 10 CONTACT INFORMATION

- ⚠ **Emergency Services:** 999 / 112
- ⚠ **On-Site Emergency Coordinator:** [Name & Phone]
- ⚠ **Backup Coordinator:** [Name & Phone]

## 11 REVIEW

Reviewed annually or after major incidents or layout changes.
