HIQA STANDARD 5 — LEADERSHIP, GOVERNANCE & MANAGEMENT

This document defines the governance hierarchy, lines of accountability, and escalation pathways for Chosanta Management's residential service. It is aligned to **HIQA National Standards for Children's Residential Centres 2018, Standard 5** (Leadership, Governance and Management), **S.I. 674/2017**, and the **Child and Family Agency Act 2013**.

HIQA Standard 5 requires that the registered provider has effective leadership, governance, and management arrangements with clear lines of accountability. Inspectors will ask: *"Who is ultimately accountable for this service?"* and *"What are the escalation pathways?"*
